Honorable Conor Lamb
Beaver County Office
3468 Brodhead Rd
Monaca, PA 15061

Dear Congressman Lamb,

I am writing to express my strong support for Creswell Heights Joint Authority's inclusion in the Community Project Funding (CPF) for the Fiscal Year 2023.

The project will help complete a capital project to replace water mains throughout multiple locations in its service area due to the concern over high vulnerability. Two lines located on Margaret Drive, Crescent Township, Allegheny County, PA and Agnew Avenue, Hopewell Township, Beaver County, PA are in need of replacement. A total of 2,288 linear feet of waterline will be replaced at an estimated cost of \$572,000.00. All construction will be performed via the open cut excavation method. The proposed project will be completed with multiple contractors requiring the employment of skilled laborers throughout the duration of the project.

Motion security cameras will be installed at ten sites throughout the system including the wells, tank sites, and main office building. The total budget amount of the project is an estimate of \$250,000.00 for equipment, installation engineering and contingencies This will ensure the security of the sites with 24-hour monitoring. Motion security cameras are the most cost-effective way to detect suspicious activities along with deterring criminal activities.

A successful award would provide the necessary funds to accomplish this community goal and improve the quality of life for its residents. I appreciate your consideration of this important initiative. If you need to discuss my support of the application and its impact upon my legislative district, please do not hesitate to contact my office at 724-266-7774. Thank you.

Sincerely,

Dear Congressman Lamb:

I am writing to share my full support for Creswell Heights Joint Authority (CHJA) application for a Community Project Funding (CPF) FY 22 Appropriation request. If awarded, the allocation would be used for replacing water mains throughout multiple locations in its service area due to the concern over high vulnerability.

As their application details, two lines located on Margaret Drive, Crescent Township, Allegheny County and Agnew Avenue, Hopewell Township, Beaver County are in need of replacement. A total of 2,288 linear feet of waterline will be replaced at an estimated cost of \$572,000.00. All construction will be performed via the open cut excavation method. The proposed project will be completed with multiple contractors requiring the employment of skilled laborers throughout the duration of the project.

In addition, CHJA Security Project Motion security cameras will be installed at ten sites throughout the system including the wells, tank sites, and main office building. The total budget amount of the project is an estimate of \$250,000.00 for equipment, installation engineering and contingencies This will ensure the security of the sites with 24-hour monitoring.

Again, please accept my full support CHJA's application for the Community Project Funding. I respectfully request that this project be given careful consideration as all applications are evaluated. If you wish to discuss this proposal in more detail, please do not hesitate to contact me directly.

Sincerely

Camera Bartolotta

The Honorable Conor Lamb
United States House of Representatives (PA-17)
1224 Longworth House Office Building
Washington, DC 20515

Dear Congressman Lamb:

I am writing in support of the application for a “Community Project Funding Request,” or federal appropriation, submitted by Creswell Heights Joint Authority. This funding will be used for their Waterline Replacement Project, replacing two lines including one located on Margaret Drive, Crescent Township, Allegheny County.

The proposed project will be completed with multiple contractors requiring the employment of skilled laborers to install a total of 2,288 linear feet of waterline that will be replaced. This funding will also be used to install Security Project Motion cameras at 10 sites throughout the system including the wells, tank sites and main office building to ensure 24-hour monitoring.

Waterline Replacement Project One is of the highest priority for Creswell Heights Joint Authority and this funding will ensure these much-needed improvements. It is with these considerations in mind that I strongly support this request. Your favorable review is greatly appreciated.

Sincerely,

Pittsburgh, PA 15228

Congressman Lamb,

On behalf of the Commissioners of Hopewell Township, I am writing in the support of Crescent Township for two grants that are pending through your Community Project Funding.

The grants include the following:

Waterline Replacement Project

Due to the concern over high vulnerability, they are proposing to replace a total of 2,288 linear feet of waterline. This includes replacement of two lines that are located on Margaret Drive in Crescent. Multiple contractors will be completing the work requiring the employment of skilled laborers throughout the duration of the project.

CHJA Security Project

Motion security cameras are the most cost-effective way to detect suspicious activities along with deterring criminal activities. In order to ensure the security of the sites with 24-hour monitoring, they are seeking funding to install cameras in ten (10) locations throughout their system that will include wells, tank sites and their main office building.

Hopewell Township is hopeful that you will support these two worthwhile projects and thank you in advance for your support. Please let me know if you need any additional information or have any questions.

Sincerely,
